

Small Business Financing Relief

3.25% Fixed Interest Rate Business Loans to Eligible Borrowers

This past year, Coastal Community Capital provided \$35 million in loans and loan guarantees to regional businesses. The result was the retention and creation of 980 much-needed jobs. The Small Business Jobs Act of 2010, which improved access to credit for small businesses was crucial to our work.

Coastal's Small Business Workshop Series and mentoring program assisted over 1,000 entrepreneurs and small business owners.

We are well positioned to continue assisting small businesses in 2012.

Coastal Community Capital is an Equal Opportunity Provider.
